**The idea of Europe**

# What is this picture about?

## **Discuss:**

**Is Europe a continent or is it the same as the European Union? Does living in Europe make someone European? What does being a European even mean?**

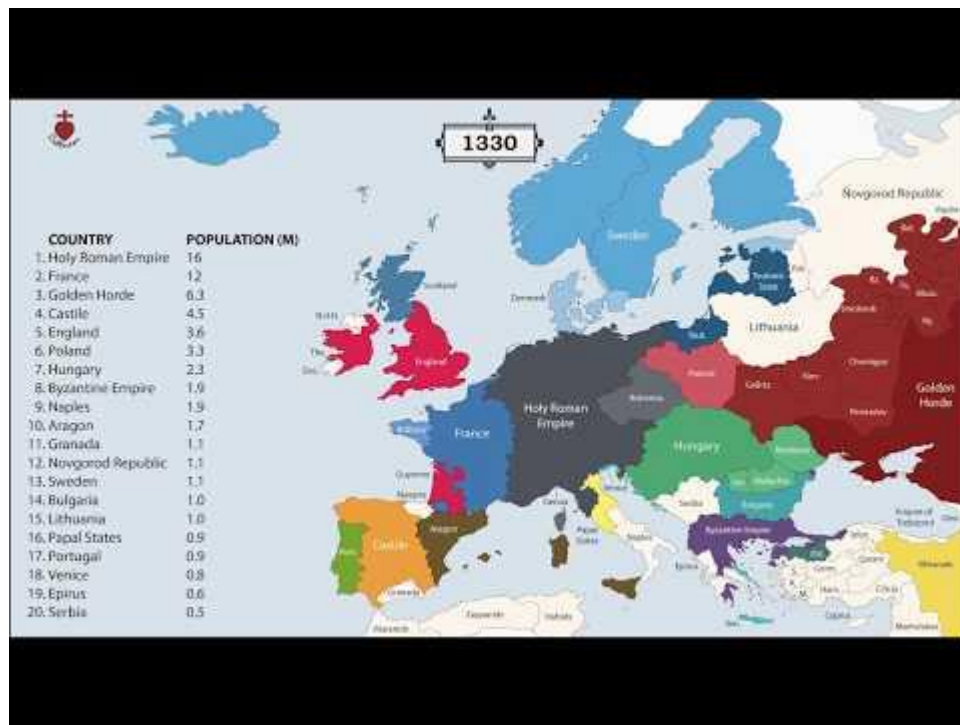

## Did you know this?

- Europe is one of the world's seven continents. The others are Africa, North and South America, Antarctica, Asia and Australia/Oceania.
- People in Europe speak many different languages. Most of these languages belong to three large groups or 'families': Germanic, Slavic and Romance.
- There are currently 27 European countries that make up the European Union.
